M. M. PHILIP
Director General

New Delhi, the 10th December 1954

No. C.23-6/54—In exercise of the powers conferred by rule 190 of the Indian Post Office Rules, 1933, the Director General of Posts and Telegraphs hereby directs that, in supersession of all previous orders on the subject, the use of franking machines for pre-payment of postage on postal articles shall be governed by the following conditions:—

Conditions

1. A Licence for the use of a Post Office Automatic Franking Machine in India will be granted on application to the Head of the Postal Circle concerned who reserves to himself the right of refusing or cancelling a Licence without assigning any reason.

2. The Franking Machine must be obtained by the Licensee only from the firm authorised by the Director General of Posts and Telegraphs and specified in the Licence, and before being brought into use must be shown to the post office.

3. The Director General will not accept any responsibility for any damage done to or repairs required by the Franking Machine. Any arrangements for the maintenance of the machine must be made between the Licensee and the firm supplying the machine.

4. Each machine will be sealed by the suppliers before being delivered, and the Post Office will affix a lead seal at the bottom. The seals must not be broken or handled in any way by the Licensee.

5. The Licensee must at all reasonable times allow an authorised officer of the Department to inspect the machine without notice.

6. The Licensee must take adequate steps to guard against the fraudulent use of the machine, in particular he must have the detachable meter, where provided, padlocked to the body of the machine and the key kept by a responsible person.

7. The Licensee will pay in advance a sum representing the amount of postage for which he wishes the machine to be set at the time of purchase. This sum must not be less than Rs. 20/- or more than Rs. 9,990.

8. (a) A Post Office official will call periodically (at intervals of not more than one month) at the office of the Licensee, take the reading of the meter and if the meter is not exhausted, transfer the balance of the meter to the setting for the next period and obtain payment for the balance of postage required during that period. Payment should generally be made in crossed cheque and if it is

made in cash, a responsible officer of the firm is required to sign in the "Remarks" column of the Post Office copy of the Meter Register Book in token of having verified the amount noted by the official who reset the machine.

(b) If the meter is exhausted before the lapse of the period for which the advance of payment will be made, the Licensee will apply to the Post Office specified in the License for the resetting of the meter.

(c) For the purpose of accounts, two registers shall be maintained, one by the Post Office and the other by the users, in which each reading will be recorded and the settlement of accounts shown.

(d) Wherever it is found necessary to withdraw a machine from use for repairs or any other reason, the Licensee must ask the Post Office to note the meter readings of the machine at the time of such withdrawal.

9. All stamp impressions for the purpose of prepayment of postage must be made as far as possible on the right hand top corner of the address-side of the postal article itself or a wrapper or label firmly attached to it. Cut out labels with frank impressions on them for prepaying postage on uninsured parcels only, can be used subject to the following conditions:—

(1) Not more than one cut out label bearing the frank impression or impressions in full payment of postage and registration and other fees will be permitted to be affixed to each parcel.

(2) When more than one frank impression is obtained on a cut out label or wrapper, the impressions should not overlap nor be more than half inch apart. In such cases, the impressions of the stamp bearing the name of the firm, the license number and the date and of any slogan used should appear only once and should not overlap any frank impression.

(3) The cut-out label should be securely pasted to the parcel on the right hand side above the name and address of the addressee. Cut-out labels may not be affixed to separate address labels attached to parcels; frank impressions in such cases should be taken on such address labels themselves.

(4) The cut-out label should have the name and address of the sender printed on the left hand side.

(5) The total value of the frank impression or impressions should be written in figures in red ink on the cut-out label below the printed name and address of the sender.

10. Franking will be allowed up to any amount. Impressions which must be of a bright red colour must be clear and distinct, otherwise the article is liable to be refused by the Post Office.

11. (a) Postal articles/State telegrams franked by a machine must be handed in by a representative of the Licensee at the counter of one or more post offices, or R.M.S. offices specified by the Head of the Circle/Telegraph Office specified in the license, and each consignment must be accompanied by a window ticket for the identification of the Licensee's servant. Machine franked articles presented at offices other than the office specified in the License will not be accepted, while those posted in letter-boxes will be treated as unpaid articles. Machine franked articles, when practicable, should be faced and tied in bundles by the Licensee before they are presented at the counter.

(b) Machine franked unregistered articles bearing impressions of a previous date will not be accepted for despatch.

12. Allowance will be made for any impression made in error (less a deduction of 5 per cent on face-value) on surrender of the envelopes or wrappers, provided that the impression is legible and that the entire envelope or wrapper is produced and that the claim is preferred within three months of the date of the first impression.

13. An advertisement device may also appear along side the date-stamp impression provided that:—

(1) it relates solely to the business or professions of the Licensee,

(2) it is quite separate from the impressions of the identification mark, license number and date stamp and postmark,

(3) it is confined to the top left-hand corner of the envelope or card,

(4) the cost of cutting the die is met by the Licensee.

14. No advertising device shall appear on the stamping die unless it fulfils the conditions laid down in the preceding paragraph and has first been approved by the Head of the Postal Circle; (2) The Licensee can get approved from the Head of the Circle as many slogans and advertisements as he desires provided not more than one slogan or advertisement is used, on one article; (3) No change in the tenor of the advertisement shall be made, once it is approved, without similar prior consent from the Head of the Postal Circle concerned.

15. In the event of a breach of any condition of the License the License will be forthwith cancelled by the Head of the Postal Circle who will not be responsible for any loss which the Licensee incurs thereby. Any sum that may be due to the Licensee on account of postage advanced will, however, be refunded to him and any sum that may be due to the Department on account of postage will be recovered from him.

16. The above conditions can be varied, altered or supplemented by the Director General under the powers vested in him by rule 190 of Indian Post Office Rules, 1933.

2. The Director General also directs that licensees who have been granted licences under conditions which differ in any manner from the above shall surrender the old licences and apply for fresh licences under the above conditions within three months from the date of publication of this Notification. The applications shall be addressed to the Postmaster General or other authority who granted the original licences.
